THE FLYING PIG TO FLY AGAIN...

Randy Wegner has announced that the Flying Pig will fly again. After a spectacular crash on July 4th Doug Dugan has declared that he will be able to put the pig back together and Randy released a statement that the pig will fly again.

A NOTE FROM: rcman3@comcast.net

EVERYONE that flies should reevaluate their batteries. One of my friends came over who couldn't get his retracts to work properly, and it wasn't the retracts...his battery was JUNK! - *Patrick Shew.*

President's Corner

It was pointed out to me on July 12th that we could not hold an official monthly meeting because we did not have the required number of board members present. Board members are often out of town during this time of the year and not able to attend. The questions arises: *Why do we need a large number of board members when all decisions are made by the general membership.* The present rule is as follows, "1.2 A general membership meeting requires a minimum of four board members." At the August meeting I will propose, "1.2 A pre-announced general membership meeting requires a minimum of two board members." The meeting shall be on August 9. - *Tom Hope*

**THIS IS THE CAPTAIN SPEAKING-
PLEASE REMAIN SEATED UNTIL THE SEATBELT LIGHT IS
TURNED OFF. IT HAS NEVER BEEN KNOWN IN THE
HISTORY OF AVIATION THAT A PASSENGER ARRIVED AT
THE GATE BEFORE THE AIRCRAFT.**

Wearing badges makes it easier to get to know new acquaintances. PLEASE WEAR YOUR BADGE - THANK YOU!
