From Steve Meyer:

It has been fun doing the newsletter for the past 4 ½ years but I am also happy to turn over the reigns to Bette. I hope you all will give her some input as I intend to do from time to time.

I would like to share some very sad news with you at this time. Clarence James passed away on Dec 27th. He was a long time member of the club and learned to fly from Dick Smith at the club during its first year in the present location. Clarence was 89 and loved the Big airplanes. He could not do much flying himself for the past few years but would bring out one of his large planes for one of the guys to fly so he could watch. Clarence was a great guy and good friend to many of us, we will miss him.

Steve

THANK YOU

I would like to thank everyone for welcoming me into your club, without the majority of your members knowing me. I really appreciate that. I really enjoy watching the pilots fly their planes and watch them enjoy the sport. Hope you all got what you had on your wish lists from Santa and coal was not included in any of those packages under the tree. See you at the field.

Bette

VISITORS

We had some holiday visitors from the Dallas, Texas area last weekend. Wayne and Hildie Baldidge, Wayne is an avid R/C Flyer and Hildie is a seasoned spectator. They lived in the Tucson area for a number of years and belonged to area flying clubs. Wayne flew his electric plane.
