The membership has approved changes in the

Bylaws that will give the C.F.I. the ability to make changes without delay. Updated Bylaws are available at the flying field. - *Tom Hope*

## JULY 4 NIGHT FLY A GIANT SUCCESS

More than fifty people attended along with many family and friends. John Hyde was the first brave pilot and then Randy took up his Flying Pig and performed some spectacular maneuvers with his usual flare. Chris Rose then flew his brightly lit electric plane. John Gibson set out many glow sticks which gave the runway a very real look. John flew his electric Senior Kadet and shared it with our long missing Junior Member, "JB". Welcome back JB. Our webmaster, "Mike McIntyre" also took a shot at night flying and he is one we will be watching in the future.

Victor put on a brilliant Helicopter display that was a true crowd pleaser.

A special thanks goes out to Bill Disney who provided us with Hot Dogs and a whole lot more. Thank you also goes out to all who brought food and decorations.

Thank You Randy for presenting us with this great idea. The only question left is when should we do it again.
